STUDENTS

TRAINING IN SAFE ADMINISTRATION OF MEDICATIONS

The Board of Directors shall provide training by the school nurse to the director and teachers in the safe administration of medication prior to authorizing them to administer medication to students. The Board will also provide for an annual review and informational update and provide documentation that such training has been provided and successfully completed. The training shall include, but will not be limited to:

- The procedural aspects of medication administration
- The safe handling and storage of medication
- Recording procedures
- The medication needs of specific students
- Medication idiosyncrasies, and desired effects
- The potential side effects or reactions
